OBJECTIVE

I completely understand how important it is to have a highly skilled and motivated Front End Developer on your team. With nearly two years of experience specializing in React.js and Angular technologies, I am confident that I can bring exceptional value to your organization. I am truly passionate about delivering exceptional user experiences and am always striving to stay up-to-date with the latest industry trends. I firmly believe that my commitment to continuously enhancing my skills will enable me to exceed your expectations.

EXPERIENCE

Cloudin Labs, Coimbatore — Junior frontend developer

Aug 2022 - PRESENT

Developed scalable web applications using React.js and Angular, ensuring optimal performance and seamless user experience. Collaborated closely with designers and back-end developers to implement user-friendly interfaces and translate design concepts into functional code. Collaborated with cross-functional teams to gather requirements, plan and execute projects, and deliver solutions within deadlines.

Bizness code — ReactJs Internship

Feb 2022 - Jun 2022

Developed responsive and user-friendly web applications using React.js, JavaScript, HTML, and CSS. Collaborated with the development team to build and enhance the company's flagship product, implementing new features and improving existing functionalities.

EDUCATION

Raja Dorai Singam college, Sivagangai — B.A. English

Jun 2019 - Apr 2022

I completed my bachelor's degree in English literature with a 67 percent CGPA

PROJECTS

Cloudin Labs Portfolio — Portfolio Website

Link - <https://www.cloudintechnologies.com/>

Developed a visually stunning and interactive company portfolio site using React.js.

Cloudin Workspace — CRM Application

Collaborated with the design team to translate mockups and wireframes into pixel-perfect front-end designs. Develop a dynamic and user-friendly CRM dashboard using React.js, enhancing data visualization, user experience, and overall productivity.

Green Bazaar — Loan Application

Link - <https://www.monsterfoods.in/>

Dedicated Support Developer with expertise in Angular 13, committed to ensuring the seamless operation of loan application systems. Proficient in troubleshooting, enhancing application performance, and delivering top-tier user support, and seeking to leverage my skills to contribute to a dynamic loan application team.

Monster Chicken — E-Commerce Admin Application

Developed an e-commerce admin application using Angular 13. Implemented features such as product management, order processing, and analytics dashboards. Integrated with backend APIs to enable seamless data synchronization and manipulation.
